

Whitney Anderson

I am looking forward to teaching middle school history, English and Bible this year at Triad Baptist Christian Academy. It is my sincere desire to instill in my students a lifelong love for Christ and for learning. I have been praying for an opportunity to teach in a Christian school since my early years of college and I feel like God has called me to this amazing work. Many of you may already know me seeing as I have worked in both the preschool and after school here at Triad. I have been employed here since 2003 when I began working summers and part time while attending Piedmont Baptist College. While at PBC, I earned my Associates degree in Early Childhood Education and my Bachelors in Secondary English Education, along with minors in both Bible and history. I feel that my education at Piedmont will help me know how to best integrate biblical principals into all subject areas.

Outside of school, I enjoy spending time with my husband Andrew and my black labs Apollo and Athena. I also really like doing many different types of crafts though scrap booking is my current favorite. Reading is another hobby that I spend a lot of time pursuing. My husband and I are also very involved in church related activities here at Triad where we have been members for close to eight years.

I am really excited about the coming school year and look forward to working with your children.
